

# TWO BECOMING ONE

## Husband and Wife

**When man and woman come together as one; 2 WORLDS COLLIDE:**

- a) Different backgrounds (up bringing / understandings) must be reconciled...
- b) Gender differences must be understood...
- c) Experiences which shape how we see/view the world...
- d) Husband's role...
- e) Wife's role...
- f) Previous relationship baggage must be resolved...
- g) Children: to have or not to have.., how should they be raised???

The complexity of MARRIAGE (which is good) can be all GOD intended it to be IF Husband & Wife are on the Foundation of Christ as CHRISTIANS, submitting to the word of GOD; allowing HIM to direct our steps!
